

Alterations will be made as needed

-
1. Heading
 - Specifies the Title and Purpose of dashboard.
 2. KPIs Section (Top Row)
 - Key metrics for user engagement, opportunities, and geography.
 - Quick insights for decision-makers with filtering options.
 3. Pie Charts (Left Section)
 - Visualizes degree distribution, gender, and demographics.
 - Best for part-to-whole comparisons and category breakdowns.
 4. Map Visualization (Top Center)
 - Displays student distribution by region.
 - Helps analyze geographical engagement and opportunities.
 5. Bar Charts (Middle Right)
 - Tracks trends in enrollment, dropout, and completion.
 - Compares data across time, majors, and categories.
 6. Line Chart (Bottom Left)
 - Shows student engagement trends over time.
 - Useful for monitoring growth or decline.
 7. Data Table (Bottom Right)
 - Detailed breakdown of user activity and course engagement.
 - Enables in-depth drill-down analysis.
 8. Filters (Left Margin, Top)
 - Allows refining data by country, cohort, and major.
 9. Gauge (Left Margin, Bottom)
 - Tracks progress toward key targets like completion or retention.
